

Hello, My name is Ray-Ray or Ray for short. I am 9 years old and a long-coat Chihuahua. I am very friendly and cuddly and I love attention and sitting on knees. I like to be stroked and fussed and talked to. I don't always like to be picked up or carried around though.

I have lots of toys but my favourites are my squeaky pizza and my ball which I like to be thrown so that I can fetch them and bring them back to you, although I probably won't let you have them! I like playing tug of war with them and I may growl but this is part of the game and I am not being aggressive.

I love to go for walks but please keep me on my lead if you take me for a walk around school. If I do a poo please tell an adult straight away and they will bag it up safely and cleanly. When I come back in you can ask me to wait to wipe my feet and I will sit on my towel to have my tummy and feet cleaned.

I eat my food at breakfast and tea time. I can have some healthy treats during the day but they have to be treats my owner provides. Please do not feed me anything you are eating even if I beg and ask for some. Lots of human food is very bad for my tummy.

If I growl, I am trying to tell you that I would like some time to myself (unless it's when we are playing tug of war with my toys). If I do this please ask for me to be put in my bed (in the School office).

Although I am clean, please ALWAYS wash your hands with soap after spending time with me and especially before eating. I like to lick people but it's not a good idea to let me do this because my tongue might not be clean.

I am really excited to be with you. Please be gentle and caring with me.
